Donations Sought

The Chamber is now seeking donations for a special project in 2008 to rebuild a kindergarten school near Hellfire Pass. The project will consist of a refurbishment of the school building, a new canteen and new toilet facilities. The school acts as a day care centre for some 90 young children whose parents work all day and has been inspected by the Community Services Sub-committee as a suitable project for the Chamber. Donations are welcomed and cash donations will be matched from the Chamber's existing Community Services Funds. Please contact Martin Kyle at the Chamber if you wish to learn more and/or view pictures of the project.
