

Nishaville is located on the quiet & pristine Huay Yang Beach

its 36 villas are decorated in warm & soothing colors, surrounded by swaying coconut palms and Wannakorn National Park, with a Beach Front Club House. NishaVille has been created as a secluded retreat from the hustle & bustle of the more frequented tourist destinations. NishaVille villa owners can enjoy a private stay and rental income while they are not using their villas, which are going to be managed by Aleenta Resort & Spa, Pranburi, to ensure a high standard of property management for increasing the future value of their investment.
